Linkosalo and Knuuttila, "Caries Prevalence in First Permanent Molars: An Eight-Year Study in High- and Low-Fluoride Communities," No. 3, p. 194

M

Marchesani, Carrel, Binns, and Rusynyk, "A Priority Survey From Institutional Directors," No. 3, p. 203

McKay, Michael S. (Croll, McKay, and Castaldi), No. 3, p. 240

Mueller, Brett H. (Payne, Mueller, and Thomas), No. 4, p. 281

Murray and Yates, "Early Compressive and Diametral Tensile Strengths of Seventeen Amalgam Alloy Systems," No. 1, p. 40

Myers, Bell, and Barenie, "The Effect of Cement Type and Tooth Preparation on the Retention of Stainless Steel Crowns," No. 4, p. 275

Myers, David R., "Case Review . . . Autogenous Transplantation of an Unerupted Maxillary Central Incisor," No. 3, p. 245

Myers, David R. (Krautmann, Barenie, and Myers), No. 3, p. 256

N

Nishino, Mizuho, "Effect of Mouth Rinses of a Zinc Acetate/Strontium Acetate/Tannic Acid Mixture on Caries Activity in Children," No. 2, p. 136

O

Ogihara, Kazuhiko, "Case Reviews . . . Occlusal Management of Children With Congenitally Missing Teeth," No. 4, p. 327

P

Payne, Mueller, and Thomas, "Anterior Cross Bite in the Primary Dentition," No. 4, p. 281

Penido, Carrel, and Chialastri, "Case Review . . . The Anachoretic Effect in Root Resorption: Report of Case," No. 1, p. 85

Peterson, Devereaux S. (Ayers and Peterson), No. 4, p. 315

R

Rusynyk, Raphael (Marchesani, Carrel, Binns, and Rusynyk), No. 3, p. 203

(References are to issue and page nos.)

S

Saadia, André Marc, "Airway Obstruction and Facial Form: A Review," No. 3, p. 222

Saadia, André Marc "Development of Occlusion and Oral Function in Children," No. 2, p. 154

Saadia, André Marc (Tsamtsouris and Saadia), No. 2, p. 173

Shannon, Ira L., "Evaluation of a 0.1% SnF_2 Mouth Rinse Prepared From an Effervescent Tablet," No. 1, p. 29

Simões, Wilma A., "Levels of Prevention in Orthodontics and Their Value to Pedodontics," No. 3, p. 211

Simões, Wilma A., "Selective Grinding and Planas' Direct Tracks as a Source of Prevention," No. 4, p. 298

Swerdloff, Alexander, Ceen, and Ferguson, "Case Review . . . Bilateral Mandibular Dentigerous Cysts in a Seven-Year-Old Child," No. 1, p. 77

Swerdloff, Mark (Alexander, Swerdloff, and Caputo), No. 1, p. 22

T

Thomas, Huw F. (Payne, Mueller, and Thomas), No. 4, p. 281

Tsamtsouris and Saadia, "Gingivitis in Children," No. 2, p. 173

Tsamtsouris, White, and Clark, "A Comparison Between the Plaque Indices of Silness-Loe and Greene-Vermillion," No. 1, p. 51

Tsamtsouris, Anthi (White, Tsamtsouris, and Williams), No. 2, p. 91

V

Väätäjä, Pertti (Järvinen and Väätäjä), No. 4, p. 323

W

White, George E., "In My Opinion . . . Einstein Comes to Pedodontics," No. 3, p. 262

White, George E., "Strategies in . . . Self-Image and Holistic Health," No. 1, p. 72

White, George E. (Tsamtsouris, White, and Clark), No. 1, p. 51

White, Tsamtsouris, and Williams, "A Longitudinal Study of Electronic Detection of Occlusal Caries," No. 2, p. 91

Williams, David L. (White, Tsamtsouris, and Williams), No. 2, p. 91

Y

Yates, Jere L. (Murray and Yates), No. 1, p. 40

TITLE INDEX

(References are to issue and page nos.)

A

Airway Obstruction and Facial Form: A Review (Saadia), No. 3, p. 222

[The] Anachoretic Effect in Root Resorption: Report of Case (Case Review . . .) (Penido, Carrel, and Chialastri), No. 1, p. 85

Anterior Cross Bite in the Primary Dentition (Payne, Mueller, and Thomas), No. 4, p. 281

Autogenous Transplantation of an Unerupted Maxillary Central Incisor (Case Review . . .) (Myers), No. 3, p. 245

B

Bilateral Mandibular Dentigerous Cysts in a Seven-Year-Old Child (Case Review . . .) (Swerdloff, Alexander, Ceen, and Ferguson), No. 1, p. 77

C

"Caries-Like" Dentin Radiolucency of Unerupted Permanent Tooth From Developmental Defects (Case Review . . .) (Giunta and Kaplan), No. 3, p. 249

Caries Prevalence in First Permanent Molars: An Eight-Year Study in High- and Low-Fluoride Communities (Linkosalo and Knuuttila), No. 3, p. 194

[A] Classification for Traumatic Injuries to Primary and Permanent Teeth (García-Godoy), No. 4, p. 295

Clinical Manifestations of Prader-Willi Syndrome (Case Review . . .) (Krautmann, Barenie, and Myers), No. 3, p. 256

[A] Comparison Between the Plaque Indices of Silness-Loe and Greene-Vermillion (Tsamtsouris, White, and Clark), No. 1, p. 51

Congenitally Missing First Permanent Molars (Case Review . . .) (Järvinen and Väätäjä), No. 4, p. 323

D

Dental Treatment of Hydrotic Hereditary Ectodermal Dysplasia (Case Review . . .) (Cruz, Almeida, Balassiano, and Campos), No. 4, p. 333

Development of Occlusion and Oral Function in Children (Saadia), No. 2, p. 154

(References are to issue and page nos.)

E

Early Compressive and Diametral Tensile Strength of Seventeen Amalgam Alloy Systems (Murray and Yates), No. 1, p. 40

[The] Effect of Cement Type and Tooth Preparation on the Retention of Stainless Steel Crowns (Myers, Bell, and Barenie), No. 4, p. 275

Effect of Mouth Rinses of a Zinc Acetate/Strontium Acetate/Tannic Acid Mixture on Caries Activity in Children (Nishino), No. 2, p. 136

[The] Effect of Pulpotomies in Primary Molars on the Eruption of Succedaneous Teeth (Ayers and Peterson), No. 4, p. 315

[The] Effectiveness of Audio-Nitrous Oxide-Oxygen Psychosedation on Dental Behavior of a Child (Anderson), No. 1, p. 3

[The] End Stages of Primary Root Resorption: Tissue Replacement (Alexander, Swerdloff, and Caputo), No. 1, p. 22

Evaluation of a 0.1% SnF_2 Mouth Rinse Prepared From an Effervescent Tablet (Shannon), No. 1, p. 29

G

Gingivitis in Children (Tsamtsouris and Saadia), No. 2, p. 173

I

Impaction of Permanent Posterior Teeth by Overextended Stainless Steel Crown Margins (Case Review . . .) (Croll, McKay, and Castaldi), No. 3, p. 240

In My Opinion . . . Einstein Comes to Pedodontics (White), No. 3, p. 262

L

Levels of Prevention in Orthodontics and Their Value to Pedodontics (Simões), No. 3, p. 211

[A] Longitudinal Study of Electronic Detection of Occlusal Caries (White, Tsamtsouris, and Williams), No. 2, p. 91

M

Marginal Leakage of Several One-Visit Veneering Techniques (Hembree), No. 3, p. 187

(References are to issue and page nos.)

O

Occlusal Management of Children With Congenitally Missing Teeth (Case Review . . .) (Ogihara), No. 4, p. 327

[The] Occurrence of Dentin Glycosaminoglycans in Intact, Worn, and Restored Primary Teeth: A Protective Role (Alexander), No. 4, p. 267

Orthodontic Bonding—An Overview (Ceen), No. 1, p. 62

P

Penetration and Pulpal Response by Two Concentrations of Formocresol Using Two Methods of Application (García-Godoy), No. 2, p. 102

[A] Priority Survey From Institutional Directors (Marchesani, Carrel, Binns, and Rusynyk), No. 3, p. 203

S

Selective Grinding and Planas' Direct Tracks as a Source of Prevention (Simões), No. 4, p. 298

Short-Term Tissue Response to Distal Shoe Appliances in Rabbits: A Preliminary Report (Kelisek, Binns, and Carrel), No. 2, p. 142

Strategies in . . . Self-Image and Holistic Health (White), No. 1, p. 72
